PROFESSIONAL SUMMARY

Motivated 5th-semester B.Tech Computer Science Engineering student with a strong foundation in Data Structures and Algorithms. Experienced in developing mobile and web applications using Java, Flutter (Dart), and Python. Proven track record of academic excellence with first rank in 1st semester and current CGPA of 8.5. Seeking a Software Developer Intern role to apply technical skills and contribute to innovative software solutions.

EDUCATION

Bachelor of Technology in Computer Science Engineering
5th Semester (Currently Pursuing)
CGPA: 8.5/10.0
ACHIEVEMENTS: Ranked in Top 3% of class

TECHNICAL SKILLS

Programming Languages: Java, Python, Dart
Mobile Development: Flutter (Cross-platform), Android Development (Java)
Web Technologies: HTML5, CSS3, Bootstrap, JavaScript
Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, Problem Solving
Tools & Platforms: Android Studio, VS Code, Git & GitHub, Firebase, SQLite
Soft Skills: Team Collaboration, Communication, Fast Learning, Time Management

---

INTERNSHIP EXPERIENCE

- AI/ML Intern | IBM via Edunet Foundation | June 2025
  Online • Duration: 1 Month
  Gained hands-on experience with Artificial Intelligence and Machine Learning concepts
  Worked on AI/ML projects and algorithms implementation

- Java Developer Intern | ValueOfCodes | June 2025
  Online • Duration: 1 Month
  Developed applications using Core Java programming
  Enhanced problem-solving skills through real-world Java projects

- Full Stack Developer Intern | WhiteSton Info Tech | June 8-28, 2024
  Offline • Duration: 15 Days
  Developed web applications using HTML, CSS, and JavaScript
  Gained experience in full-stack development practices

- Flutter Developer Intern | Quicksend | June 2-20, 2024
  Offline • Duration: 15 Days
  Built cross-platform mobile applications using Flutter and Dart
  Implemented user-friendly interfaces and app functionalities

---

KEY PROJECTS

💰 Expense Control App:

  Developed a comprehensive budget tracking and expense management application
  Features include daily expense tracking and monthly budget management
  Technologies: Flutter, Dart

📇 Health Card Web App:

  Created a digital medical record system for secure health information storage
  Implemented user authentication and data management features
  Technologies: HTML, CSS, JavaScript

🎵 iSangit Android App:

  Built a music-related application with engaging and interactive UI
  Focused on user experience and smooth app performance
  Technologies: Java, Android Studio

🔢 Multiple Flutter Applications

  Developed various cross-platform mobile applications
  Emphasized clean code architecture and responsive design
  Technologies: Flutter, Dart

🌐 Personal Websites:

  Created multiple static and dynamic websites
  Implemented responsive design principles
  Technologies: HTML, CSS, Bootstrap, JavaScript

ACHIEVEMENTS & CERTIFICATIONS

🏆 Ranked 1st in First Semester of B.Tech CSE

📃 Multiple industry-recognized certificates and achievements

🚀 Active participant in hackathons and development challenges

💡 Consistent academic performance with 8.5 CGPA

📃 Technology Job Simulation – Deloitte

📃 Generative AI – LinkedIn Learning

📃 Google Cloud Arcade Facilitator Program – Participant

📃 Introduction to Software Engineering – IBM

📃 Android App Development – IBM

ADDITIONAL INFORMATION

Location: Available for opportunities in Gujarat and remote positions
Availability: Seeking Software Developer Intern roles
Interests: Mobile App Development, Problem Solving, Technology Innovation
Languages: English, Hindi, Gujarati
